With its strong portfolio of stellar products backed by German-engineering, safety and fun-to-drive experience, Volkswagen has been in the business of bringing the pleasure and joy of driving to lakhs of customers for over a decade. The brand's unwavering commitment to creating vehicles that go beyond the practical aspects of buying and owning a vehicle by tugging at your heartstrings has made Volkswagen a name with unparalleled appeal. Its customers swear by its vehicles, whether it's the exciting and exhilarating premium cars like the Virtus and Taigun or the flagship luxury SUV, Tiguan, owners just can't seem to get enough of them, jumping at every single of prospect of driving their Volkswagen.

The cars we own go far beyond being mere means of transport; they become a part of us, our memories, our lives in fact. We connect with our cars on an emotional level covering kilometer after kilometer across city roads and highways discovering the joy of driving, falling in love with motion and that sentiment peaks when 'you're in a Volkswagen'.

It's about people & their families, the human moments that make Volkswagen, a Volkswagen.

"Our new brand campaign is centered around a simple yet powerful idea – 'the quintessential moments experienced by our customers in a Volkswagen'. It is a celebration of the passion, exhilaration, freedom and joy that's experienced from being behind the wheel. The unforgettable journeys and memories that make every drive extraordinary in a Volkswagen," says Ashish Gupta, Brand Director, Volkswagen Passenger Cars India. And it's only once you get behind the wheel of a Virtus, Taigun or Tiguan, when 'you're in a Volkswagen' and enjoy the comfort and driving dynamics that you'll know what that sentiment truly means. The hallmark of this campaign lies in its availability in eight local languages which stands as a testament to the brand's commitment to fostering stronger connections with its customers. This multilingual endeavor ensures that the brand message is not just understood, but also felt on a personal and emotional level, making the campaign a truly immersive experience.

"IT IS A CELEBRATION OF THE PASSION, EXHILARATION, FREEDOM AND JOY THAT'S EXPERIENCED FROM BEING BEHIND THE WHEEL
