A Visionary with a Penchant for Excellence

Founder and Chairman of Whiteland Corporation, Gurugram, Haryana, Mr. Navdeep JP Sardana, a first-generation entrepreneur, is crafting distinguished projects in Residential & Commercial Spaces comparable to world-class standards. Once an aspirant of civil services, he has postgraduate degrees in three disciplines that serve him well to this day. A globe trotter, he draws inspiration from landmark architecture in different parts of the world to meet the evolving preferences of new-age customers that match his company's motto 'Global outlook, Indian values.' The young and iconic realtor of India loves to holiday in Europe, for new perspectives of creativity.

MR. NAVDEEP JP SARDANA
Founder and Chairman
Whiteland Corporation

COULD YOU TAKE US THROUGH THE NASCENT JOURNEY OF YOUR COMPANY?

To establish Whiteland and build it as a top brand in luxury real estate took us a decade of hard toil. It was a bit tough as I come from a family of farmers, so exposure into the real estate world was not the most apparent thing. Thankfully, my parents have always been supportive of my dreams of achieving academic excellence and that helped me step out of my native place in Bhiwani into the bigger world.

After initial struggle, I went on to establish Elite Landbase in 2011, a top-rated real-estate consultancy serving as key planners in sales, strategies, and product packaging for many big names of Gurugram in achieving their milestones. In 2018, we expanded to Pune and Mumbai, the best markets for real estate. After delivering services to a customer base of over 25,500, thereby, gaining real-time experience, I took the plunge to set-up Whiteland in 2021. It gave me freedom to create state-of-the-art products, that encapsulate our brand's core purpose - "Enrich the lives of people and communities by developing inspiring and sustainable real estate projects".

CONSIDERING MARKET VOLATILITY, HOW MUCH OF A CHALLENGE WAS IT TO VENTURE INTO PREMIUM SPACES?

Building premium spaces has been our unwavering passion. Also, earlier experience of selling during tough times stood us in good stead. So it was a conscious decision to venture into the high-end segment. We launched with a commercial project working in a slightly more challenging situation, but the market was responding positively albeit cautiously.

The pandemic had left people home bound and that led to a profound change in people's thought process. As a result, demand for luxury homes rose significantly because people were now exploring and willing to invest in luxury properties realising that home is the ultimate refuge. Our edge lay in honouring our promise of "commitment & timely delivery" of avant-garde living spaces that has gone down well with young corporate families, who prefer smart amenities to space, once a priority.

HOW DID YOU TACKLE LAND ACQUISITION, A FUNDAMENTAL CHALLENGE FOR DEVELOPERS?

The advantage of a clear view-point on 'what not to do', has nurtured the growth of Whiteland. We went solo in the land purchase to ensure that the title was clearly in the company's name. From evaluating and verifying the bonafide of the land papers from top legal firms, followed by securing a second opinion - the steps to due diligence have been our first priority to ensure zero disputes. The first piece of land was purchased from DLF, country's finest realtor. It speaks volumes of our commitment to check, verify, and ensure that the land bank is free from any litigation.

WHAT ARE THE NEW PROPERTIES BUILT BY WHITELAND?

We have two ambitious residential projects, Blissville comprises of 450 low rise luxury apartment and the landmark projects- The Aspen & Aspen Iconic, 3 and 4 BHK Super Luxury Residences comprising 600+ units in Sector 76, Gurugram. Whiteland is developing premium home spaces catering to a customer base of nearly 5,000 people. Today, we have established a legacy of undertaking customized projects where the latest residential portfolio is approximately 27 acres of land & with the top line revenue of over INR 4,000 crores.

Urban Cubes 71, a premium commercial property in Gurugram, is on the verge of being delivered. Strategically located on SPR, Sector 71 with an alluring Neo-classical façade, it is a one of its kind products encompassing dual advantages of High-Street Retail with Shop-cum-office development.

THE USP OF WHITELAND'S PRODUCT OFFERINGS?

Clued to customer preferences, the brand has been able to incorporate their sentiments while developing futuristic and world-class projects. Setting benchmarks in terms of quality, innovation, sustainability, and customer satisfaction. Paramount are advanced construction technologies, embedded with world-class green features and facilities such as water and waste management systems.

Whiteland's 'Aspen Iconic' comes with all these unique features, including a Zen Garden with a well-being zone on top of the 42-storey high-rise development, besides upgrading the Business Centre / WFH spaces in the condo to pre-empt any unprecedented situation as witnessed during the pandemic. Like the city itself, our Iconic Luxury Residential Project - The Aspen is part of a linear land parcel of approx. a km in length, which will be aesthetically developed for people to enjoy an invigorating stroll. New design concepts and construction technologies will continue to inspire our endeavours to develop eco-sustainable Premium Luxury Residential Development targeted at 4-5 million sq. ft. space every year. The other is developing good commercial spaces on lease model and creating ample opportunities for our stakeholders & employees.
