THE RISE IN CYBERCRIMES

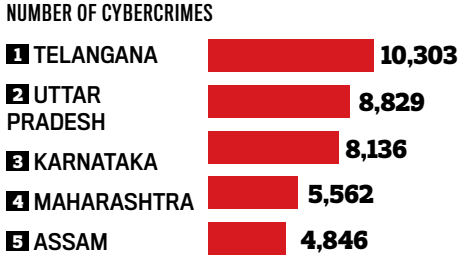

The number of cybercrimes has more than doubled in the last five years. The conviction rate has also gone up proportionately. Chargesheeting rate has dropped below that of 2017 after a spike in 2020

The hubs of cybercrimes

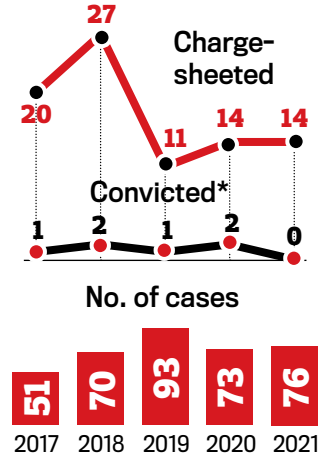

These five states account for 71 per cent of all cybercrimes in India

OFFENCES AGAINST THE STATE

Sedition

Of the 363 cases registered in the last five years, chargesheets have been filed only in 86 cases

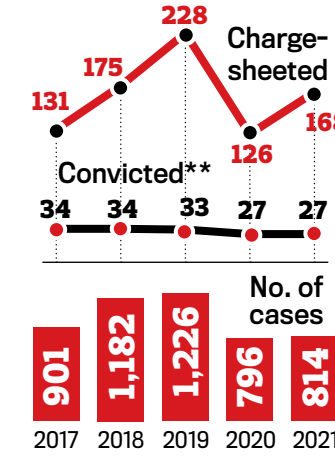

*Conviction includes cases from previous years

29
SEDITION CASES
FROM ANDHRA PRADESH, HIGHEST IN THE COUNTRY. ONLY STATE TO REGISTER DOUBLE-DIGIT COUNT

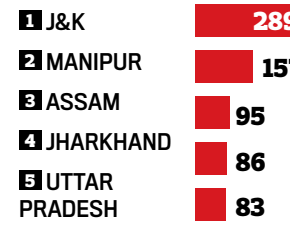

UAPA*

Nearly 5,000 cases have been registered from 2017 to 2021 but chargesheets have been filed only in just 828 cases

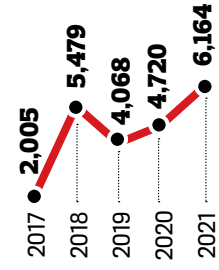

*Unlawful Activities (Prevention) Act, 1967; **Conviction includes cases from previous years

Five states with highest number of cases under UAPA

NO. OF CASES AGAINST POLICE PERSONNEL

Perpetrators in khaki

While the number of police personnel facing charges has doubled, convictions have seen a massive drop
