

Rajasthan By Night

Rajasthan is as beautiful by night as it is by day. Rajasthan Tourism's night tourism initiatives have enabled tourists to enjoy the state's major attractions during the evenings. One of Rajasthan's most popular draws are the splendid sound and light shows at major monuments across the state. Recently, many more were added, so wherever you are in Rajasthan, you'll never be far from one.

Jaipur, the capital, positively sparkles at night. The vibrant bazaars are all lit up, as are the heritage buildings of this historic city. It is a sight to behold, and you will not be able to resist the urge to take some memorable selfies. Apart from the famed Son et Lumière at Amber Fort, which is a glorious attempt at reviving the pride, history and traditions of Amber, you can also check out the Light & Sound Show at Jainiwas Udhyan, one of the first 3-D projection mapping-based light & sound shows in Rajasthan, which depicts the story of Jaipur's world-famous Shri Govind Dev Ji Temple.

Equally vibrant and lit up at night is Udaipur, the City of Lakes, especially the areas surrounding its magnificent waterbodies, which create a breathtaking illuminated vista at night. The Mewar Sound and Light Show in Udaipur is a hi-tech extravaganza conducted each evening at the magnificent Manek Chowk in The City Palace, bringing alive the rich history of the House of Mewar.

Apart from these there are light & sound shows across Rajasthan. The one at Chittorgarh Fort is a traditional one, showcasing the fort's history, foundation, rulers, wars & battles . The one at Gadisar Lake in Jaisalmer is a spectacular Laser Water Show, one of the first and largest such in India. It depicts the story of Jaisalmer Fort, besides providing glimpses of other tourist locations in the Jaisalmer region like Tanot Mata Temple, Lodurva Temple, Longowala war scenes, and so on.

The Son et Lumière at Kumbhalgarh Fort is not to be missed either. Elegantly nestled in the Aravallis, Kumbhalgarh Fort plays host to one of Rajasthan's most brilliant light and sound shows, which narrates the secret tales hidden behind the stone façade of this majestic fort. Also recommended are the shows at the Meera Bai Memorial, Merta, depicting the story of Bhakti poet-saint Meera Bai, and the one at Machkund, Dholpur, telling the story of Maharaja Machkund.

Astro-Tourism

Recently, Rajasthan became the first state in India to launch night sky astro-tourism in all its 33 districts. Jaipur itself has four famous star-gazing venues including Jantar Mantar, Amber Fort, University Maharaja College and Jawahar Kala Kendra. The idea came about during Covid-19 when people were stuck at home and a lot of interesting celestial events were happening in the night sky. The decision to launch astro-tourism was taken on January 21, 2021 and became an instant hit. On March 3, 2022, the Honourable Chief Minister announced the introduction of Night Sky Astro Tourism in all 33 districts of the state.
