▼ WOMEN SCIENTISTS AT THE FRONTIERS OF SPACE EXPLORATION

"I always tell women, don't doubt yourself. If you are confident, just go ahead and do it. That's what I keep telling myself because I also end up in such situations quite often"

DR ANNAPURNI SUBRAMANIAM
Director, Indian Institute of Astrophysics

"As a woman, you have to put more than double the effort to be more assertive and to be in a place of decision-making"

NIGAR SHAJI
Project Director, Aditya Solar Mission
