The Journey Continues...

Controversy, failure, despair...the biography has seen all that and endured. An inner force propels Amitabh Bachchan to stay Amitabh Bachchan. Even at 80

Pink has him front and centre. Besides cameos and narrator's roles—which he had essayed even for Satyajit Ray's 1977 ***Shatranj Ke Khiladi***—there are ad appearances and brand endorsements by the dozens, and a healthy rollout of films too. There's 2018's biggest dud ***Thugs of Hindostan***, surprise hit ***Badla*** (2019), and the Covid-era OTT hit comedy ***Gulabo Sitabo*** (2020). As we go to print in October 2022, Bachchan was busy announcing a price reduction for ***Goodbye*** to get the footfalls back into those darkened halls where he first entranced viewers.
