faculty uses innovative teaching pedagogy, such as case studies and simulations, to strengthen the students' skills. While this lays the foundation for conceptual understanding and clarity, extracurricular activities help students put these to use in real-world scenarios.

The college has over 40 student-run activity clubs that give them exposure to fundraising, financial prudence, managerial skills and hones their competitive instinct. It also supports impactful societal initiatives, such as Project Pravaah, under which a low-cost air purifier and innovative ways to utilise farm stubble are being developed and deployed with the help of students, housing societies and other means of community engagement.

Another key aspect that sets the college apart is its placements. The average salary package offered to its students stood at Rs 11 lakh per annum during the 2022-23 placement season. The college also registered the highest internship stipend of Rs 1 lakh, and a number of its students have landed pre-placement offers too. This is made possible, say those in the placement cell, by taking constant feedback from recruiters to identify the areas for improvement and accordingly developing add-on courses for students.

If a corporate job is not their calling, the SSCBS also has an inhouse incubation centre, SIIF, to provide guidance and opportunities to students to work on their start-ups. There's also a career development cell that runs initiatives such as Buddy Project and Care to bridge the gap between students and the corporate world while encouraging tie-ups with various bodies of national and international repute.

The college, for instance, has a tie-up with the Institute of Management Accountants, US, under which 10 students are provided a scholarship of $1,000 each for their flagship CMA (certified management accountant) course. Meanwhile, partnerships with the National Stock Exchange of India (NSE), Bombay Stock Exchange (BSE) and Confederation of Indian Industry (CII) allow the college to offer inhouse courses and linkages that provide practical industry experience in areas like capital markets, financial model-

TOP 10 COLLEGES WITH BEST VALUE FOR MONEY

RANK	COLLEGE	CITY	RoI
