VOICE OF THE STUDENT

"Roots has helped me in realising my knack for people through the various extracurricular activities conducted at Roots, their various seminars, conferences helped me gain exposure, I was able to interact with various and companies which otherwise I wouldn't have had and I am really thankful to Roots." **KAVYA MEGHNA** - Manager of Shruthi Hassan (Actor), BBA -Marketing

tion by adopting cutting-edge pedagogy and keeping students abreast with the latest global management tools & curriculum. ROOTS brings to the corporate world, students equipped with the right business acumen. We make their life invigorating, and imbue their student hood with vibrance through events offered by the, Culture club, Entrepreneur Club, Sports club, Toast Masters club & Placement club etc. They cement a resilient rapport with gigantic industries & MNCs."

ROOTS strategically leverages cognitive as well as experiential learning to help our students explore, learn, create, and imbibe in multitude of ways. The objective is to help students excel in academics even as they evolve into successful and extraordinary individuals in their chosen industry.

The Founder Chairman, Padala, shares a valuable insight, *"At the core of everything we do is the ROOTS 3i philosophy. Because we appreciate that the **'Individual'** learns with a team, but excels individually, we provide an integrated approach helping individuals develop the skill-sets that meet industry standard. The **'Industry'** is dependent on quality talent. Hence, we are committed to inculcating those skills and attributes in our students that add value to the industry. As an **"Institution,"** we are committed to excellence, and provide our students best-in-class faculty, a broad curriculum, and the ideal ecosystem to learn and grow."*

In the Pipeline:

In response to the real-time needs of its students, ROOTS will be soon be launching an Incubation Centre. Even as we speak, ROOTS is in the final stages of signing an MoU with a premier institution in India. The objective of this dedicated Incubation Centre is to give students of ROOTS students a robust platform to idea, debate, and create… not only during the three years of their undergraduate study, but also a year after that.

ROOTS has an impeccable track record of being **career-focused, industry-relevant, and student-centric...** for more than 30 years! *What more could a student ask for?*
