Note: The above tables have been prepared on the basis of the objective data submitted by the colleges

NEW TRENDS IN SCIENCE

GREEN CHEMISTRY Focusing on chemical products and processes that reduce or eliminate the generation of hazardous substances, it's a key tool to achieve sustainability, especially now with the world working towards a safer, cleaner planet

SUSTAINABILITY The college has a compulsory course in 'Ability enhancement in environmental science' as part of its sustainability enhancement programme

CLIMATE CHANGE With global warming threatening to eclipse whatever we have achieved in the past many years, the college recently held a workshop on 'Nature-based solutions and climate change mitigation' with the support of the UN
