

THE "MUST-INVEST" GLOBAL IT DESTINATION

The Telangana Government, known and widely acknowledged for its proactive approach in creating an investment-friendly environment, has implemented several policies and initiatives in that direction. The Information Technology (IT) sector has been a significant driver of economic growth and bringing investments into the state. The State has made significant efforts to develop a robust IT ecosystem, which today is attracting both domestic and international investments.

Telangana offers a sound environment for investment in the IT sector, with its robust infrastructure, supportive government policies, startup ecosystem, and skilled workforce. The state continues to focus on strengthening the IT sector by fostering innovation, promoting collaborations, and providing a favorable business climate.

Hyderabad, the capital of Telangana, is hailed as the fastest growing Information Technology destination globally. It currently houses more than 1500 IT/ITES large and small companies and the figure keeps mounting.

T-Hub, one of the largest startup incubators in the country, is based in Hyderabad. It offers a supportive ecosystem for startups, providing access to mentors, investors, networking opportunities, and funding.

IT exports from the state increased **31.44%** to touch a new high of Rs.**2,41,274** crore in the financial year ended March 2023. Compared to the Rs. **1,83,569** crore exports registered during previous fiscal this is an increase of Rs.**57,706** crore. From what was a **3,23,396** directly employed workforce in the IT/ITES sector in 2014, the total direct employment in the IT sector now boasts of **9,05,715** personnel, which implies that over **5.82** lakh jobs have been added in IT/ ITES segments in less than nine years.

Looking to go beyond Hyderabad, in what is a futuristic move the state government is determined to expand IT in Tier-2 towns, including Warangal, Karimnagar, Khammam, Nizamabad, Mahabubnagar and Siddipet.

AEROSPACE HUB

The city is responsible for 1/5th of the national defence production. The city is home to Adibatla Aerospace SEZ, India's only multiproduct SEZ near an airport.

PHARMA CITY

Hyderabad has been named 'The Bulk Drug Capital of the World' and the 'Vaccine Capital of the World'. The newly formed Pharma City is an industrial park of over 19,000 acres, is expected to attract 9.7 billion investment, and employ more than six lakh people. The city is home to 2/5th of domestic pharma production.

GENOME VALLEY

Genome Valley is India's fi rst and Asia's largest R&D Biotech cluster, and many global fi rms have shifted operations from China to Genome Valley, in addition to the large domestic base.

VACCINE CITY

Hyderabad produces 1/3rd of global vaccine production. The WHO is setting up an mRNA vaccine hub in Hyderabad.

FINANCIAL DISTRICT

The Financial District is a 75-acre zone marked out for SEZs, business parks for multinational conglomerates, technology campuses, and more. The area has catapulted Hyderabad to a city with some of the finest Grade A offi ce space in the world.
