STRUCTURE TYPE

Section 1: Continuous span
Section 2: Extradosed
Section 3: Cable stayed
Section 4: Extradosed
Section 5: Continuous span

COLLAPSED ON

April 30, 2022
June 4, 2023

₹1,711 CRORE
Approved for the project, including the cost of land acquisition

₹859 CRORE
Cost of the 3.16-km-long four-lane bridge

UNDER THE SCANNER

- S.P. Singla Construction Pvt. Ltd, which was awarded the contract in 2015
- The state government has served a notice on the company, asking why it should not be blacklisted
- The contractor has agreed for a defect liability period of five years, which means it cannot escape its responsibility to rebuild the bridge

OFFICIALS PUNISHED

- While BRPNNL executive engineer Yogendra Kumar has been suspended, managing director Niraj Saxena has been removed from his post

SLIPPING DEADLINES

- The bridge project missed its first deadline of November 2019, which was extended till June 30 last year. It was again revised to June 2023
- The project will easily go behind schedule by at least a few more years
- The BRPNNL may not incur monetary losses as it can seize the bank guarantee of Rs 100 crore. Also, a payment of Rs 50 crore against work done has been put on hold. But, in terms of time, Bihar has suffered an irreparable loss
