

FARMERS REAPING A GOLDEN HARVEST

Recognizing the importance of agriculture in the state's economy, Telangana has taken bold steps to improve irrigation infrastructure and boost agricultural productivity. The flagship program, Mission Kakatiya, focuses on restoration and rejuvenation of tanks and reservoirs, thus providing reliable irrigation facilities to farmers.

After the state's formation, the government has incurred an expenditure of Rs. **1.59** lakh crore on major, medium and minor irrigation projects; Rs. **5349** crore to restore and strengthen tanks while **15.05** lakh acres have been stabilized.

Cultivable area increased from **1.31** crore acres in 2014 to **2.20** crore acres in 2022-23; grain production, which was only **68** lakh MT in 2014-15, increased to a record level to touch **3** crore MT during 2022-23.

The Telangana Government procured **671.22** lakh MT of paddy and paid Rs **1.21** lakh crore to farmers, while the gross cropped area has gone up by **83%**

The state government also launched a unique Rythu Bandhu scheme, which provides direct financial assistance to farmers to support their agricultural activities.

Telangana began its true empowerment of farmers by providing Rs. **10,000** per acre per annum as capital investment assistance to farmers.

Farmers received Rs **65,157** crore in the last **10** seasons under Rythu Bandhu. Around **64.01** lakh received Rs.**7275.81** crore for **145.51** lakh acres under Rythu Bandhu assistance in the 2022-23 yasangi season

Under the Rythu Bima Scheme, farmers in the state are insured for Rs. **5** Lakh. The scheme has so far provided relief to **1,02,124** families with claims to the tune of Rs. **5106.20** crore settled already

ASSURED POWER SUPPLY TO THE AGRICULTURE SECTOR: A new record was created in supplying quality power free of cost to the agriculture sector. Telangana is the only State that provides 24x7 uninterrupted quality power to the sector; Rs **36,891** crore has been given as subsidy towards the free power supply from 2014-15 onwards. Around Rs **38,070** crore has been invested for strengthening the Transmission & Distribution System (TD). Telangana per capita consumption is 2166 units, against national average of 1255 units.

These initiatives have resulted in an increased agricultural output and enhanced the livelihoods of farmers, something they may have only dreamt of.

SHEEP REARING DEVELOPMENT SCHEME

3.94 lakh beneficiaries have been given 82.74 lakh sheep at **75%** government subsidy for which an amount of Rs **5001.53** crore was released in phase - 1. About **3.38** lakh people will benefit in phase -2 with an outlay of Rs **6,125** crores. The per capita availability of sheep meat has increased from 12.95 kg per annum (2014-15) to 26.64 kg.

FISHERIES

Four lakh fishermen get free fish seed with 100% subsidy. Telangana state from 2014 till 22-23 has spent **348.93** crores which is **414** crore fish seed and **28.34** crore shrimp seed for rearing in reservoirs, lakes and ponds. The fishermen per capita has doubled from **48,000** in 2014. Telangana is No.1 in inland fisheries in terms of fish production, heralding the blue revolution

ARTISANS

The BC artisan gets a onetime grant of Rs.**1** lakh per family to improve livelihood and skill development.
